MAKAWAO LITERARY SOCIETY MEETS.

One Hundred and Twenty-Three Japanese Marched to Makawao and Fined for Refusing to Work—Shipping, Personal and Other Items of Interest.

MAUI, April 14.—During Friday evening, the 13th instant, in spite of showers drifting in now and then from the sea, the whole district filled the parlors of Mr. and Mrs. Gilhus, of Hamakua, and enjoyed one of the most unique programmes ever given by the Makawao Literary Society. White, green and gold were the prevailing colors which transformed the back parlor into a temple of fame. The green of ferns and cane against a semblance of marble—the glittering gold of the throne at one end, with the broad white steps adjoining, rendered the interior most beautiful and imposing—an abode worthy of the goddess of fame. After a duet, a sonata by Mrs. Loveland and Miss Morris, the ruling deity of the temple, Miss May Baldwin, in a Grecian costume, seated herself upon the white and gold throne, announcing that the laurel wreath would be awarded to the most deserving of women. A tiny page in pink and gilt ushered in one after another the "daughters of fame" who, after making obeisance to the goddess, offered their pleas for the symbol of greatest fame.

The ladies, in splendid gowns appropriate to the different personages represented, entered in the following order: Louise of Prussia (Mrs. F. L. Stolz); Martha Washington (Miss Annie Smith); Sister of Charity (Mrs. G. E. Simpson); Harriet Newell (Miss Grace Diekey); Miriam (Miss Nape), who sang "Sing Ye to the Lord"; Fanny Fern (Miss Eva Smith); Rosa Bonheur (Miss Gregory); Caroline Herschell (Miss Alexander); Joan d'Arc (Miss Helen Chamberlain); Mother Goose (Mrs. H. G. Alexander); Hypatia (Mrs. W. Ogg); Jenny Lind (Miss Morris), who rendered the solo, "Better Land"; Mrs. Browning (Mrs. H. Laws); Pocahontas (Miss Ethel Mossman); Tabitha the Primrose (Mrs. H. B. Bailey), who impersonated the most humorous character of the evening. After offering their petitions, the fair candidates, either grouped themselves aesthetically around the throne or reclined gracefully on the marble (?) stairway. The finale was a grand tableau—the crowning of the poetess (Mrs. Browning)—by the goddess.

STRAY SCRIBBLINGS.

Last Saturday morning, the 7th inst., a procession of 123 Japs from Paia plantation might have been seen trudging along their weary way to the Court House in Mauka Makawao. Each was arrayed in his Sunday (haole) garments, bearing a roll of red blankets and armed with a rod or stick. Deputy Sheriff Hocking and a handful of police escorted this army of prisoners, relying more upon their good nature than upon any force at the command of the authorities. The charge against them—desertion of labor—was clearly proven, they having refused to work during the previous day while two of their countrymen were being tried at the same bar of justice. A group of eight were first brought up and convicted, and then twenty more were fined. The remainder, feeling keenly the pangs of hunger (for it was 2 P. M.), gave up the struggle and agreed to pay the fine and to go back to work; \$322.10 was the sum justly assessed.

All Maui is now organized under the Union Party platform. There is the Wailuku Union Club, the Lahaina Union Club, the Hana Union Club, and the Makawao Annexion Club, which has adopted the same principles, though not the name.

The Maui Central Committee met at Wailuku Court House at 10 A. M. Monday, the 9th inst. The gentlemen assembled were: Benjamin Kahoopai, H. D. Hazelden and Judge Kaleo of Hana, C. F. Horner and Rev. A. Pali of Lahaina, G. Armstrong, Kaleikan and W. Campbell (who took J. L. Dumas' place of Wailuku), W. F. Payne, A. Hocking and P. Helekuini (Mr. H. P. Baldwin being absent in Honolulu) of Makawao, and J. W. Kalua (representing Molokai).

Having been delegated by the various clubs they formed a nominating convention and H. P. Baldwin, W. F. Horner, J. W. Kalua (who at the last moment consented to run), and Josepha Dumas' place of Wailuku, W. F. Payne, A. Hocking and P. Helekuini (Mr. H. P. Baldwin being absent in Honolulu) of Makawao, and J. W. Kalua (representing Molokai).

On Tuesday evening the 10th inst., at Wailuku Court House, the Maui Annexion Club changed to the Maui Union Party.

W. Nevins Armstrong, Esq., has been visiting Dr. Beckwith at Sunny-side.

Postmaster-General J. M. Oat visited Makawao, Wailuku and Lahaina this week. His trip was for pleasure, with a little business intermingled.

During Tuesday the 10th inst. the kitchen of the Waihee teachers' residence was burned; damage slight. The cause of the fire is unknown. The teachers, Mr. and Mrs. Dumas, were absent in Honolulu and Miss Turner was enjoying Makawao.

A runaway from the hitching posts

offPaia Foreign Church occurred during Sunday the 8th inst. A prominent horseman tied a half-broken horse with the rein; hence a broken bridle and a smashed wheel.

Maui teachers all seem to favor having a school day once in so often for a period of study and instruction. Will the Board of Education grant it?

Inspectors of election have been registering voters all over the island.

R. C. Perkins, the naturalist has made most valuable collections of birds and insects from the vicinity of Haleakala Crater, Puunihiau, Olinda, etc. He expects in two weeks, after another inspection of the West Maui mountains to go to Kauai and Hawaii.

Kahului, April 8th, arrived the brigantine Consuelo, Jacobsen captain. Cargo: three horses, household furniture and merchandise. T. Pearl Aiken of California was the only passenger.

She departed for San Francisco on the 11th inst. with Waikapu, Paia and Haiku sugar valued at \$22,954.08. The Maid of Orleans, McLeod master, also arrived during the week, thirteen days from San Francisco laden with merchandise for A. F. Hopke.

The Lizzie Vance, captain Hardwick, leaves today ballasted with H. C. Co.'s sugar.

Steamer Likilike touched in at Maialaea during the 13th inst. and left the foreign mail brought by the Mariposa, and an interesting budget of news in the Gazette extra.

CAPTAIN PALMER.

He Basely Slanders the Provisional Government.

Our correspondent, Captain Julius A. Palmer, arrived in Boston yesterday. He reports no change in affairs in Hawaii; the two parties are each clinging to the old delusions, the one that any mail may revive the lost cause of annexation, the other that it may restore the queen's supremacy. However absurd these hopes, they at least answer to preserve nominal order. If the royalists finally lose all confidence in President Cleveland, it is quite possible there may be an outbreak. It is scarcely to be expected that a nation of 90,000 people will submit without a protest to the rule of 2 per cent. of their number, which is the exact strength of all of American birth by the census. The assumption that there is one dollar of American capital at stake Captain Palmer says is utterly false. The only American capital in Hawaii is that controlled by Spreckels & Co., and he is loyal to the constituted authority of the queen. The most of the so-called Americans were born on the islands; their money was made out of lands leased to them by the crown, carried on by coolie labor imported by the Hawaiian monarchy, against which they are rebels; their taxes were the lightest in the world; their profits, thanks to the queen's brother, the late King Kalakaua, who negotiated the reciprocity treaty, from 10 to 40 per cent. per annum on inflated capital stock of the sugar plantations. It is therefore to Hawaii, and not to America, that they owe their wealth. The Provisional Government spent in the first year of its existence exactly \$31,000 more than the queen had spent in the two preceding years. They have confiscated all her income from the crown lands, and yet are running behind every day, and raised taxes 33 1/3 per cent. the present year.

President Dole appears much worn by the cares and anxieties of his position. The queen, on the contrary, on receiving our correspondent prior to his departure, seemed very cheerful, although she is entirely without resources, and all her attendants are serving her for the wages of love and loyalty. The current impression that the Provisionalists have been recognized by other governments is an error. On the contrary, President Dole has been notified by the British naval commander that he will not receive a president's salute from that flag. No government, save Russia and the United States, has in any way recognized the insurgents. The French consul, arriving while our correspondent was there, brought credentials to the queen; and to the great powers she is at present the only constitutional ruler of Hawaii.—Boston Transcript.

Hood's Cures

Even When Called Incurable
Terrible Seige—Sciatic Rheumatism

Mr. Arthur Simon, of Galata, Ohio.

"They said I was incurable, the doctors did, but the result has proven that Hood's Sarsaparilla was able to cure. I had Sciatic Rheumatism and was confined to my bed six months. Three physicians did not help me and I was given up to die."

When I was in this terrible condition, unable to move hand or foot, I began to take Hood's Sarsaparilla. The first bottle had a little effect, and while taking the second, I gained so rapidly that I could sit up in my chair. My system had been so run down by other medicine, that it took me quite a while to recuperate. By the time I had taken four bottles of Hood's Sarsaparilla, I could walk around, and now, as I have taken six bottles, I am cured and can do good day's work. I do not feel I can praise enough."

no matter how complicated. JOYFUL, because the long wait of six weeks or more in sending away for your glasses is done away to ever. Those who have suffered by this wait will know best what it means. Much time and money has been spent to ensure PERFECT SUCCESS.

My Machinery

is the newest in use in all of the large factories of the East, and being thoroughly conversant with all manner of complicated work, we claim to be able to turn out as perfect work as can be obtained in any part of the world.

The distance from optical centres and the long delay in sending away for special work has prompted us to add this special department to our already large optical business, and we hope to be favored with a liberal share of the work done in Honolulu. Prices—the same as in San Francisco, and on some work a little lower.

AMERICAN

Union Party of the Hawaiian Islands

For the promotion of the best interests of the people of all the Hawaiian Islands and for the organization of a party having only this object in view, the following is adopted as a declaration of the principles upon which the organization to be known as the "American Union Party" is to be established, and upon this platform we invite the co-operation of every friend of good government.

1st. REPRESENTATIVE GOVERNMENT—The American Union Party is unalterably opposed to any form of monarchical government in the Hawaiian Islands, and declares its full allegiance to the Provisional Government, endorsing the proposal for a constitutional convention looking to the extension of popular representation in the Government.

2d. POLITICAL UNION—We declare our leading principles to be the accomplishment of a political Union with the United States of America and the maintenance of a stable and honest Government.

3d. PUBLIC LANDS—We favor such legislation as will promote the occupancy of all public lands, including those heretofore known as "crown lands," by small holders, and foster the development of varied industries, believing it to be of vital importance that "many acres" should be for "many men."

4th. CITIZENS' RIGHTS—We declare that all citizens are equal before the law, and we are opposed to monopolies or privileged classes, favoring participation in the Government by every loyal citizen and declare for a liberal suffrage law that will, first of all, guarantee a vote to every man who rendered satisfactory service in the military or police departments of the Provisional Government.

5th. IMMIGRATION—The evils of Asiatic immigration are so apparent that we declare in favor of its prohibition by positive and prudent methods, declaring in favor of such American, Portuguese or other European immigration as shall supply the necessary labor and furnish the country with permanent settlers.

6th. PUBLIC WORKS—We favor the immediate establishment of a comprehensive system of public improvements that shall be of permanent value to the country and afford needed employment to the laboring classes, but we declare against importation of labor and material of any kind whatsoever for use on public works which can be obtained in the home market, and materials which must be obtained from abroad should be obtained through local dealers in open competition.

7th. PUBLIC OFFICES—We hold that no person should occupy any position of trust or profit under the Government who is not loyal to the same.

8th. PRISON LABOR—We oppose the employment of prison labor in any mechanical pursuits.

9th. TAX SYSTEM—We favor a revision of the tax system whereby all property, improved and unimproved, shall be taxed on an equitable basis.

10th. LABOR—We declare that in the Constitution and in legislation thereafter the rights of the wage-earner should be fully considered.

11th. EDUCATION—We favor the enlargement of the scope of the free-school system to the end that a university course may be available to the youth of this country.

12th. TELEGRAPHIC LINES—We favor the establishment of an inter-island as well as a foreign cable system.

Are You a Royalist, An Annexationist, Or In Favor of A Republic?

WE DESIRE TO RECEIVE FREE and open expressions of opinion from the inhabitants of the Hawaiian Islands, upon the questions of annexation, the restoration of the Monarchy, or the formation of a Republic. This is desired for the information of the people of the United States. The name of each correspondent will not be used, and will be regarded as confidential, and so requested. Mr. Wellesley A. Parker, whose success throughout the world in art matters, is well known has been specially employed to superintend the pictorial department of this work. Of the Crisp process, which is to be used, the following extract from a well known paper speaks well for it.

The Albany, N. Y. Evening Journal says: NEW PRINTING PROCESS.—People unacquainted with the wonderful strides that have been made in Australia in printing, and the general depicting of nature in its most beautiful moods, have little idea of the complimentary and deserving success that Messrs. F. W. Niven and Co. of Ballarat, Australia have attained in their new "Crisp Photo" Process. We have been shown by Mr. Wellesley Parker, who is visiting us, samples of this new firm's beautiful process. The book that has lately run into three editions, of 5000 each, of "Sydney Illustrated" is beyond compare the most exquisite series of views ever appearing in the direction of printing. Episodes of the old days, and scenes of the beauties of the gardens of the city, are scattered throughout, interested with pictures of well-known citizens, that for fidelity rival any photograph that is at present produced. Every credit is due to Australia, who has taken the lead in this innovation.

Interspersed through the book will be pages devoted to the establishments of leading wholesale and retail merchants. Not only will the exteriors of the buildings be shown, but the interiors, will come out with great fidelity, showing every branch of the business in actual working order, thus giving to many a glimpse behind the scenes of the various details involved in producing the articles that they purchase in the showroom or at the counter. The first issue of "The Hawaiian Revolution" is to be 5000.

The principal industries and business establishments will be visited by Mr. Parker, who is now in this city, on behalf of the Publishers, and arrangements made by which the actual details of the various branches of the businesses will be represented pictorially. In addition, it is the desire of the Publishers to add to the completeness of the work by prevailing upon the citizens who have handsome residences or grounds, to arrange with Mr. Parker for their appearance in its pages.
